Dear Mike:

This letter is in response to your letter dated December 14, 1978, in regards to the Hillside, Gizmo, Maybe, Vallejo and Bears Ears Mine Complex Act/037/015.

Energy Fuels will conduct all mining in a safe, sound, technical and prudent miner-like fashion. Also upon termination of all planned mining activities, all surface debris, scrap metal, discarded wood and unuseable buildings will be either buried or removed from the site.

These statements were inadvertently left out of the formal request.

I am looking forward to meeting with you in early January to visit this mine complex and also the Repete Mine.

Thank you for your assistance.

Sincerely,

Dean Roberts/gp.
